

Summer break activities 2017

What will you do this summer? Do you have any special plans to hang out at any of the Kommun's summer activities where you will meet old and new friends?

The best part is that everything is free, including food and snacks.

We are inviting all girls and boys living in Lindesberg Kommun, born 2002 through 2010, who are starting elementary school or junior high school (grundskolan). All activities are in the form of day- or overnight summer camps 2-5 days per week. There are activities for all ages and interests at different places in the Kommun.

You can register for two camps and one swim school.

Registration is only available digitally through the Kommun's website at www.lindesberg.se/sommarlov. If you need help with registration please contact one of the people listed below.

Children with disabilities: We cannot guarantee that children with disabilities can participate in all camps but you contact the organizer for each camp to coordinate participation. In some cases it may be best to have a personal assistant or a family member participating as support.

Registration: You can register for two camps and a swim school. **Please note:** registration is binding. There are a limited number of spaces at each camp and registration is no guarantee that you will get a spot. Participation is confirmed after the registration deadline.

Registration deadline: for camps 1-8 is 2017-05-31 and for camps 9-19 is 2017-06-15.

Transportation: Look at each camp separately to see if transportation is included. We try to coordinate transportation so that as many youths from the Kommun as possible can participate. Participants who are 13-15 years old are encouraged to use public transportation if transportation cannot be arranged in another way.

Questions about camp content etcetera: See the contact person for each camp. **Please note:** the contact people listed below cannot accept registrations.
